

CAV INNOVATION BRIEFINGS

on the Meridian stand

WEDNESDAY 12TH

- 10:45** *Meridian – accelerating the self-driving revolution*
Dr Daniel Ruiz, Meridian
-
- 11:30** *Transforming Europe's cities using the power of autonomy*
Lucy Yu, FiveAI
-
- 12:00** *Venturer – overview of project findings and next steps*
Nathan Marsh and Peter Blackley, Atkins
-
- 13:00** *Challenges facing automated driving from a validation perspective*
Chris Reeves, HORIBA MIRA
-
- 13:30** *An intro into Formula Student and the vehicle as the low cost option for testing and development*
Terry Spall, HORIBA MIRA / Formula Student
-
- 14:00** *Collaboration for co-simulation*
Chris Davis, PTV
-
- 14:30** *Tools for Autonomous Logistics Operations and Management (TALON)*
Robin North, Immense
-
- 15:00** *MuCCA and MUSICC – developing and certifying CAV technology*
Zeyn Saigol, Transport Catapult
-
- 15:30** *Innovation and Legacy*
Takahiko Uchimura, ITS Japan

THURSDAY 13TH

- 10:00** *Internet on wheels – implications for connected cars*
Mike Short, DiT
-
- 10:30** *Project Alloyed – an end to end platform for CAV*
Danish Alam, Epitomical
-
- 11:00** *Making sense of the Automated and Electric Vehicle Act*
Dan Freedman, Direct Line Group
-
- 11:30** *UK, the world-leading CAV research and testing offer*
Michael Talbot, Meridian
-
- 12:00** *CAVs at the heart of intelligent mobility – learnings from pioneering R&D projects*
Wolfgang Schuster, Atkins
-
- 13:00** *i-Motors – an Innovate UK success story*
Dale Reed, Control F1 / i-MOTORS
-
- 13:30** *Data logistics and its place in CAV*
David Mead, MapR
-
- 14:00** *De-risking the self-driving city*
Chess Stetson, AI Pod
-
- 14:30** *Real world, Level 4 autonomy... already running*
Dr Graeme Smith, Oxbotica
-
- 15:00** *Understanding the insurance risk of future vehicles*
Dr Sam Chapman, The Floow
