

Cenex-LCV2017 now open for registration

10th anniversary for the UK's largest Low Carbon Vehicle Event

Loughborough, UK, 20 March 2017

[Cenex](#) – the UK's first Centre of Excellence for low carbon and fuel cell technologies and the organiser of the UK's largest technology showcasing and networking event for the UK low carbon vehicle community – today announced attendees can register for its 10th annual Low Carbon Vehicle Event – LCV2017 - taking place on 6 and 7 September 2017, at Millbrook in Bedfordshire. Registration for the two-day event is free of charge and can be completed at: www.cenex-lcv.co.uk

Cenex-LCV2017 provides exhibitors with a technology exhibition over three halls, as well as outdoor exhibition space for both static and ride & drive vehicles. This business-to-business event is fully established in the motor industry events calendar and Cenex-LCV2016 saw the highest visitor and exhibitor numbers to date, positioning the event as the place to showcase your business, your industry and your technology.

Robert Evans, CEO of Cenex said, "It's quite astounding to see just how much the Cenex-LCV event has grown over the years. With over 3,100 attendees at last year's event, Cenex-LCV2016 achieved a 10% total increase in visitor and exhibitor attendance compared with LCV2015; and an impressive 245% increase compared to the very first event in 2008 which had 897 attendees. With a steady growth of attendees, exhibitors and vehicles on display, the LCV Event has truly become the 'must-attend' event within the low carbon vehicle community.

"Over the past 10 years, the LCV Event has attracted UK and international visitors, distinguished speakers; cutting-edge vehicle technology, notable vehicles available for ride & drives; and an extensive seminar programme which has provided a platform for educating and agenda setting.

“We are looking forward to hosting our 10th Cenex-LCV event, and have no doubt that it will be a great two days!”

Notes to editors:

About Cenex LCV2017

The LCV event (www.cenex-lcv.co.uk) has established its unique positioning for the Low Carbon Vehicle community as the technology showcasing and networking event. LCV2017 will be the 10th in a series of national low carbon vehicle events run by Cenex.

As the UK’s Premier Low Carbon Vehicle Event, LCV attracts UK and international visitors and combines a technology exhibition with broad B2B focus, a Ride & Drive in a test track environment, networking activities and an extensive seminar programme. Each year the event has grown in size, attracting more delegates from business and academia, as well as earning its reputation as the place to meet key contacts from across the low carbon vehicle community.

Cenex prides itself on ensuring the decision makers of the UK industry attend the event with all major stakeholders, key manufacturers, supply chain representatives and government officials from the UK present. The event attracts a range of customers (Automotive 53%, Energy & Infrastructure 8%, Government and Local Authority 7% Academia 8%) and senior managers including those at board level [38%], and middle management at (27%)
